Subject: Solvay AO Conference Call

Jake, Olive, and Seth,

Thank you again for your assistance today. I believe we had a very productive conference call. Below, I have listed the Solvay conference call attendants.

Josh Dean
Kurt Allen
Melissa Ellerbeck
Lorraine Webber
Tim Brown
Stephanie Martin
Patrick Williams
Keith Hayes

As discussed, below I have provided the historical TOC results. Again, these results were analyzed by the Solvay internal lab which is unable to analyze TOC results accurately below 10 ppm. All future TOC samples will be analyzed by an external, certified laboratory.

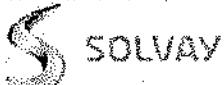

December 2015
5 ppm raw water
4 ppm potable water

June 2016
6 ppm raw water
6 ppm potable water

Please let me know if you have any questions or comments.

Thanks again,

Ouisha F. Dean
